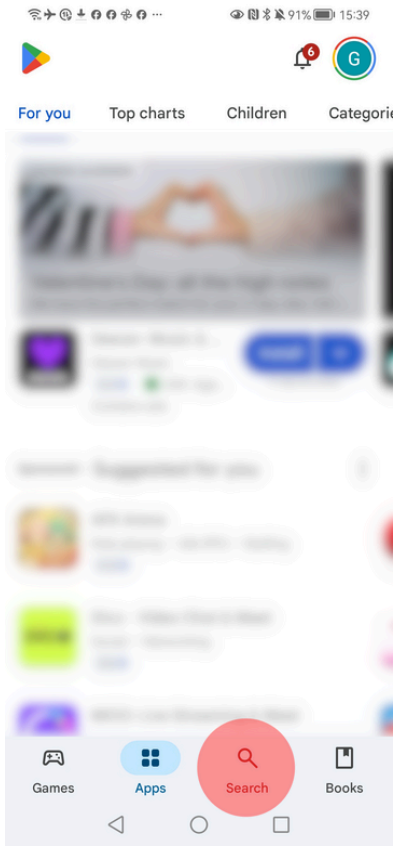
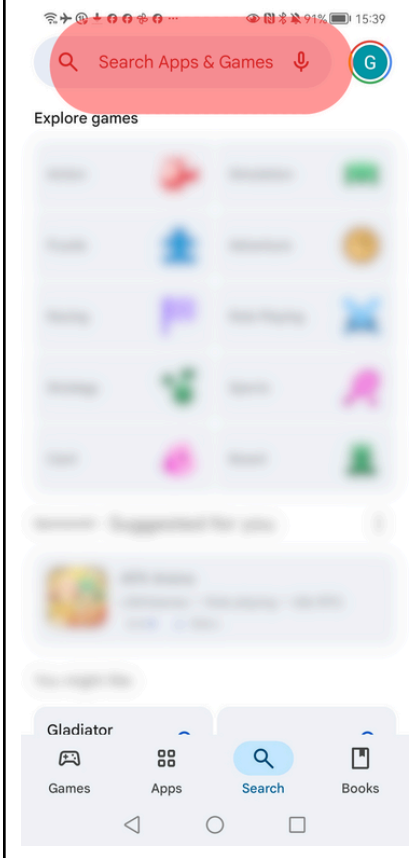
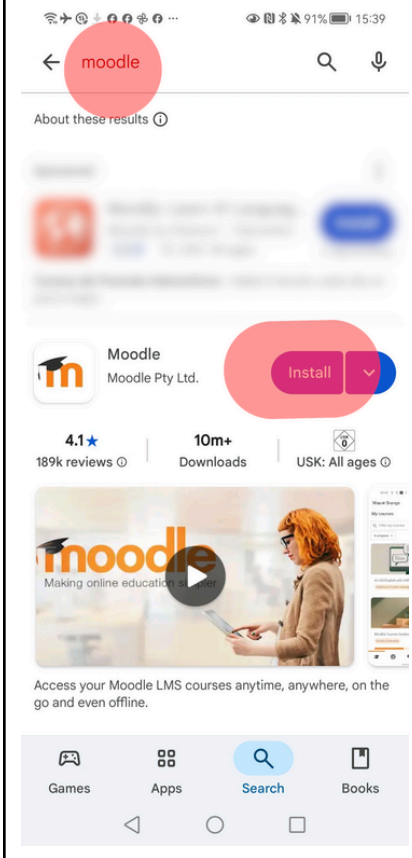
Installing the Moodle App

1. Open the Google Play store on your phone. Click the search icon at the bottom.	2. In the search bar at the top, type in **Moodle**	3. Click **Install**
		


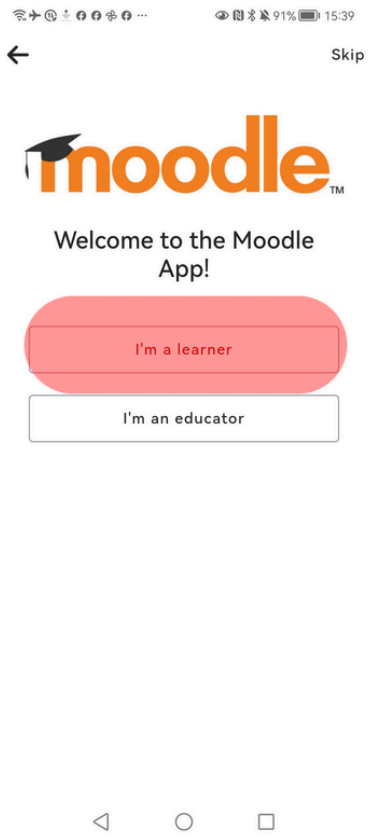


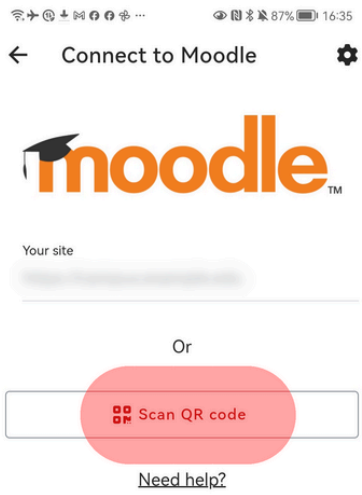


If successful, the Moodle app should now be available on your phone with an icon similar to this:

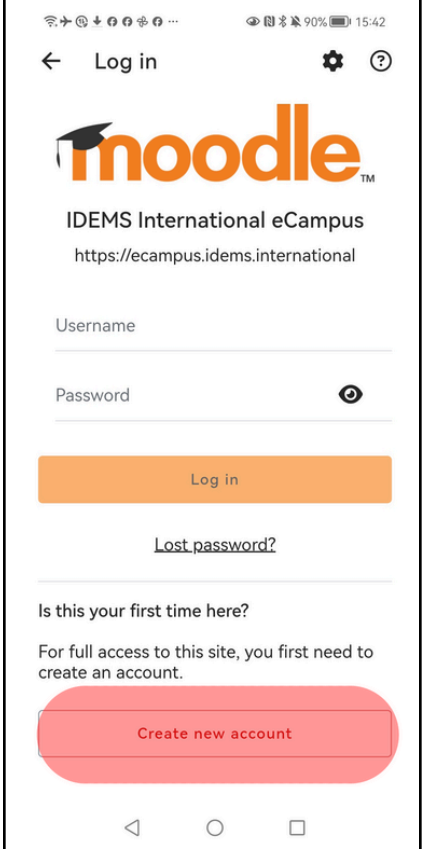
Creating an account

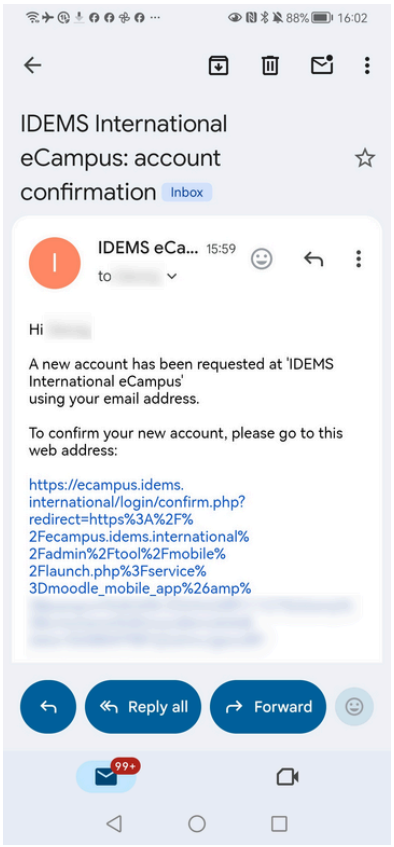
1. Open the Moodle app, and select “I’m a learner”	2. Select “Scan QR code”	3. When your camera opens, scan the QR code below
		

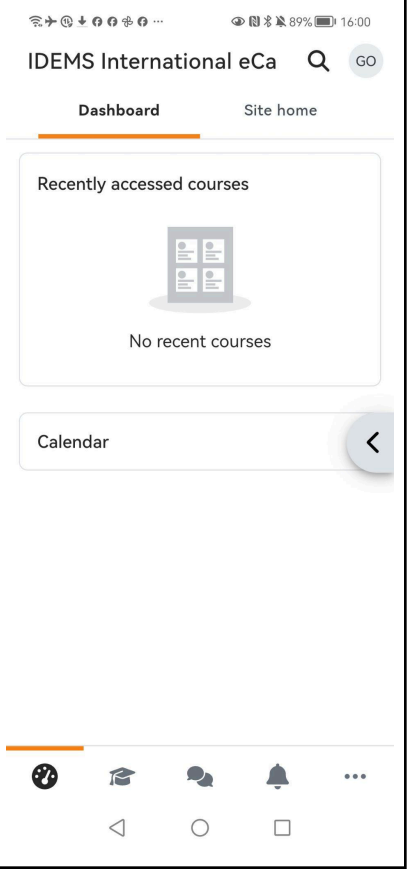




Remark: In step 2 and 3, if you’re unable to scan the QR code, you can also type in manually in the address “https://ecampus.idems.international” in the “Your site” field above the “Scan QR code” button.

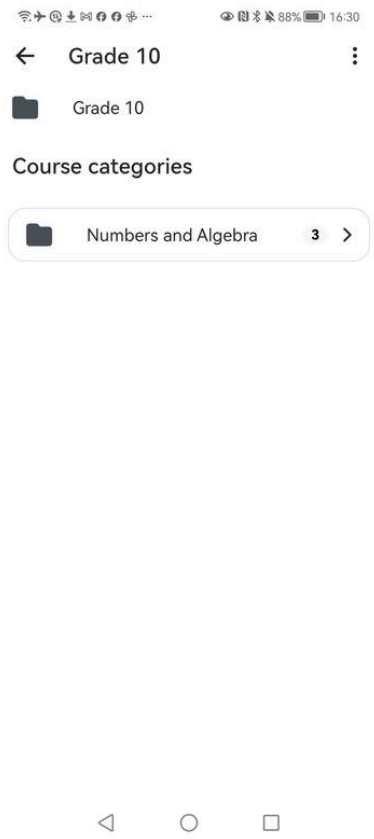
4. You should now see a login page. Click “Create new account”. Fill in your details, including a password that you can remember and your email address.	5. After submitting your information, you’ll receive an email. Check your email app for this email, and click the link in that email.	You should now be able to see the following screen in the Moodle App.
		


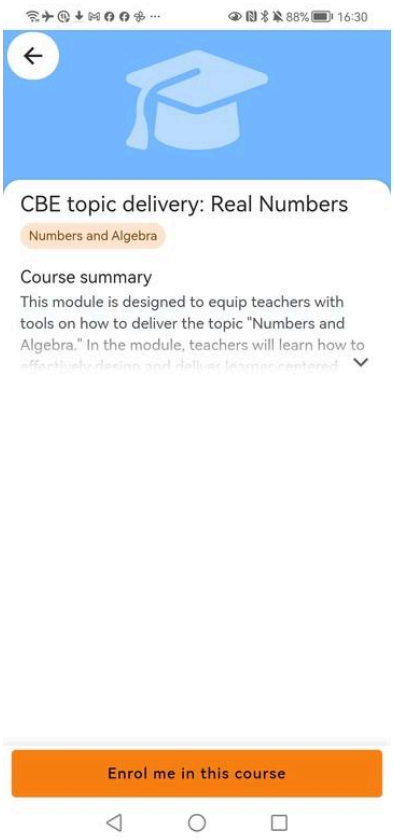




Finding the courses

1. In the Moodle app, click the “...” menu in the bottom right	2. Select “Scan QR code”	3a. Scan the first code below if you want to take the general course on CBE Math delivery. Scan the second code below if you want to browse the courses on delivery for specific topics.
		General CBE course Topic delivery courses

Remark: In step 2 and 3, if you’re unable to scan the QR code, you can search for the courses. For that, click the magnifying icon at the top of step 1, and type in “CBE” to find a list of relevant courses to select from.




3b. In case you scanned the second QR code, browse through the list of topics to find the course you're interested in.	4. Once you have selected a course, click "Enrol me in this course"	You should now have access to the course content.
